

Comments from parents whose children left Nursery in July 2020:

“My child has always been happy to come to Nursery, talk about her day and share her experience and new skills learnt with her cousins and family members. She was well prepared for School, always challenged and improved on many skills whilst being here”

“I would highly recommend ECC nursery to all my friends and family. The nursery staff have been very helpful and welcoming to me and my child. During lockdown we have been provided with packs to support my child, who has special needs. These packs have been very helpful and made according to his level and needs. My child has also been given additional support and one to one time, which has helped and improved his behaviour. Thank you to all of the ECC staff.”
